LUNA

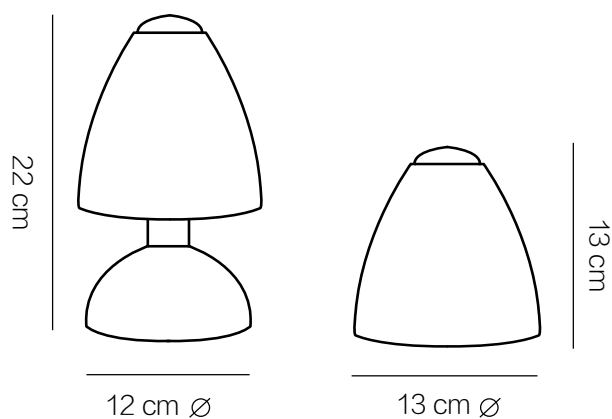

Table Lamp

La luce di IMUN è la luce della porcellana al magnesio.

Passando attraverso questo materiale nuovo, mai utilizzato e di altissima tecnologia, la luce si trasforma e conferisce all'ambiente un'atmosfera da sogno, unica, magica...lunare.

IMun light is the light of Magnesium Porcelain.

Passing through this material being brand new, never used before and made with high technology, light transforms itself and gives ambience a dreaming atmosphere which is unique, magic ... lunar.

Struttura in metallo cromato - Diffusore in porcellana al magnesio. 1 x E14 LED - 18W HALO MAX

Chromed structure - magnesium porcelain diffuser
1 x E14 LED - HALO 18W MAX

COD. 504

Il colore della porcellana al magnesio si accende,
diventa fluorescente e si fonde nell' ambiente.

The color of magnesium porcelain switches on,
becomes fluorescent and melts with its ambience.

L'argento schermo la luce e poi la riflette con un effetto tecnico, in bilico tra passato e futuro.

Silver shades light and reflects it after giving a technical effect, hanging in the balance between past and future.

Nell' accensione è come se i fiori prendessero vita,
un giardino innaturale illumina la Vostra casa.

By switching lamps on, flowers seem to come to life;
an unnatural garden enlightens your home.

SATURNO

Chandelier

Il Sistema di illuminazione Saturno IMUN si adatta all'ambiente diventando discreto protagonista di spazi diversi.

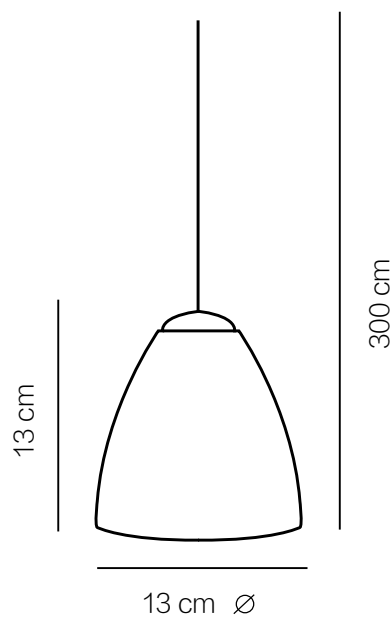

Da un punto luce possono partire connessioni e arrivare e raggiungere molteplici punti. Una, due, tre, cinque, otto, dodici lampade da assemblare assieme con effetto grappolo o a scalare, da portare singolarmente sopra il tavolo, sull'angolo lettura o laddove la luce è gradita.

Costruisci la tua luce e poi cambiala e spostala di nuovo semplicemente modificando la posizione dei piccoli ganci.

Saturno IMun lighting system keys to your space becoming discreet protagonist of different areas.

One spot lighting can fork various connections and reach and illuminate several spots.

One, two, three, five, eight, twelve lights to be assembled together, with bunch or stepped effect, to be diverted singularly over your table, on your reading corner or wherever light is appreciated. Assemble your light and then change and move it again by simply amending the position of little hooks.

Rosone in metallo cromato, cavo in materiale plastico, diffusore in porcellana al magnesio.

Three colorful pendant lamps are shown against a plain grey background. The top lamp is red, the middle one is lime green, and the bottom one is orange. Each lamp has a conical shape and is illuminated from within, casting a soft glow. They are suspended by thin black cords. The red lamp is positioned to the left of the green one, and the orange one is below the green one.
